Hay Bale Maze

An example 14 × 14 m labyrinth built only from Upland-approved hay bale pieces

Top view · the one true route

How it plays

Walk in under the Infinity Maze gate and find the one true route through narrow 1 m corridors and dead ends to the second gate on the far side. Every wall is an approved piece: Hay Bale Walls, Corners, Wall Ends and stacked Hay Bales, with a Collapsed Wall on the west side.

Event idea · Harvest Season, Oct 1 – Nov 15

Reach the exit gate to claim a seasonal reward. Run a weekly best-time board per neighbourhood.
